LALA RUKH

(+92)3400864696• lalarukh.1992@outlook.com

Summary:

Computer Science graduate with a Master's degree in Computing and IT, working as a full-time Web Developer. With constant independent learning as the highlight of my academic and professional career and a passion to explore and learn new computing technologies in addition to determination and hard work as my key qualities, I am focused towards delivering best results by following Company standards and protocols in modern systems delivery.

Work Experience:

Hays Travel, Head office Sunderland (UK) as **Junior Web Developer -** November 2018 – Present**.**
- Trained and mentored an intern in order to get him up to speed with the existing technologies used by the company.
- Developed a new system for the careers team and delivered the essential training successfully.
- Currently working for the re development of Hays Cruise website and CMS with the other team members.

Hays Travel, Head Office Sunderland (UK) as **Web Development Intern -** March 2018 – November 2018**.**
- Received training and mentorship in order to get up to speed with the existing system and technologies.
- Worked on several projects such as redevelopment of Hays Faraway CMS etc. using the new technologies.
- Provided technical support for updating the existing web platforms for the company as per requests from different departments on a day-to-day basis.
- Helped other team members in development and deployment of the new main Hays Travel website.

Bede Gaming, **Newcastle upon Tyne (UK)** as **Technology Intern** - February 2018 – March 2018.
- Gained an insight into Company operations and gambling platform industry.
- Developed technical and communication skills within the workplace and applied knowledge practically within the workplace.
- Worked on a Javascript based project using company's SPINE API for extracting player data.
